President's Message

I would like to thank the Directors of the Maryfield Agricultural Society for keeping the Fair alive in Maryfield. This is our 111th Fair, amazing for a community the size of Maryfield. It shows the dedication of the people of Maryfield and area that volunteer to keep the fair alive. The Agricultural Society is planning an in-person fair again this year, we changed the day the fair is held to **Saturday**, last year, with the **horse clinic on Friday** and **horse show on Fair Day Saturday**. It was exciting to see how the change of days brought more people to the fair. Having the horse show on fair day contributed to the bigger crowd. We hope more people take the opportunity to participate this year.

The Directors of the Agricultural Society have served for many years. We have some new directors this year again; thank you to the new executive and directors for stepping forward to make sure the Fair continues in Maryfield. Our newest director took on the job of the secretary and is doing a fantastic job. We still need more volunteers to help us and replace some our seasoned directors. If you are interested in being part of the Fair, please reach out to any of the Ag members.

The directors of the different classes may adjust information in their classes so please check to ensure you have the correct information for your entries.

The Agricultural Society has a Facebook page. A total of 7100 people were reached through our page, posts and shares in past years; there are 459 followers on the Facebook page. Information will be on Facebook about activities at the fair. We now have a website up and running. **Please visit it at <https://www.maryfieldagsociety.ca>**. You will find **the fair book and lots of other information on the website**.

The Clinic last year was a big success. The **clinic will be held on Friday the 24th of July 2026**, with **Fair and Horse Show is on Saturday the 25th of July 2026**. The horse show directors have an excellent Judge who will run the clinic Friday and judge the horse show on Saturday. The horses will be at the rink Friday if you choose to come watch the clinic.

The Fair this year will have entertainment for the young with the carnival, a petting zoo and bouncy castle for the children. The pancake breakfast is again sponsored by Borderland Co-op. There is entertainment throughout the day. The hamburger booth will be there, a booth with pies and cookies, and a roast pork supper to wind up the day.

See you all on July 25, 2026.

PHOTOGRAPHY HINTS:

1. FOCUS— Most of the time the main subject, at least, should be in focus and sharp even if the background and other components may not be. Notice the depth of field and see if it is working well for the image.
2. CLEAR SUBJECT IN THE PHOTOGRAPH—Does the photograph have a purpose. Is it clear what the main subject or subjects of the photograph are?
3. COMPOSITION—Again is it clear what the main subject is? Are there areas or parts of the photograph that do not contribute to the overall visual effect of the image. Is the subject lost in a distracting background? Consider vertical versus horizontal orientation of the image. How do the lines of the subject lead into or out of the photograph? Consider rules of composition like "Rule of Thirds".
4. LIGHTING AND EXPOSURE—Is the lighting well balanced, and does it support the elements of the composition to create the desired effect? Are there good shadow and highlight details with good range of shades in between? No 'blown' highlights except for some desired spectacular highlights.
5. COLOUR—Particularly in underwater photography is the colour well balanced? Are there any colour casts that detract from the image or do they genuinely help create mood or effect?

Household Art Exhibiting Tips

Neatness counts! For sewing, cross stitch, needlepoint, and embroidery items, the back of your piece should be tidy. Threads should be knotted neatly and trimmed to a few millimetres. Give sewing pieces a quick press with an iron and flatten the seams.

For knitted and crocheted items, judges will be looking for uniform tension throughout the piece, straight edges, and missed stitches.

QUILTING TIPS

- Binding cut on the diagonal will lie smoother around curves and irregular edges.
- Quilts with intricate appliqué and piecing are a higher level of difficulty than those of preprinted panels.
- Modern quilts are gaining popularity with simpler lines, bold colours and prints and high contrast.
- 100% cotton is recommended because it's easy to work with in terms of cutting, sewing and pressing. Color schemes of light, medium, and dark fabric are favorable.
- Cotton thread is recommended but a good quality polyester thread can be used.
- Using the proper tools - cutting mat, rotary cutter, sewing machine needles, quilting needles and quilter's rulers – makes quilting much easier.
- Pre-washed fabric is optional.
- Straighten your fabric before cutting.
- Sew with an accurate 1/4 seam allowance.
- Press seams to the dark side if possible.
- Make sure you press your seams as you sew.
- Press fabric – don't iron it as it stretches the fabric.
- Cut your batting and backing about 2 to 3 inches larger than your quilt top.
- Sandwich your quilt - quilt top, batting, and backing.
- Use curved pins to sandwich your quilt.
- Hand or machine quilting can be used to finish the quilt. When machine quilting, a walking foot is recommended.
- When tying a quilt, use good quality yarn (not too thick) or embroidery floss or long arm quilting.
- To bind your quilt, cut 2 1/4" or 2 1/2" strips.
- Seams should be nested accurately.
- Points should be sharp, not cut off.
- Circles should be round and consistent in size.
- There should be no pleats unless a part of the design.
- Binding around the quilt should be snug. The corners should be neat and square.
- The quilt should lay flat with no lumps.
- There must be sufficient quilting – stitching should be consistent in length and tightness.
- Creativity is important.
- Workmanship should be pleasing to the eye.
